PROFESSIONAL SUMMARY

Final-year Computer Science and Engineering student at the Myanmar Institute of Information Technology (MIIT), with academic experience in programming, web development, database fundamentals, data analysis, and machine learning. Interested in developing practical software solutions and applying technical knowledge to real-world problems. Seeking an IT internship or junior-level opportunity to contribute to a collaborative team, strengthen technical skills, and gain hands-on industry experience.

TECHNICAL SKILLS

Programming: Python, Java, C

Web Development: HTML, CSS, JavaScript

Databases: SQL, MySQL

Data Analysis: Data cleaning, data preprocessing, exploratory data analysis (EDA), data visualization

Machine Learning: Fundamentals of model training, hyperparameter tuning, and model evaluation

Tools & Platforms: Git, GitHub, Linux, Jupyter Notebook, SAP Analytics Cloud

PROJECTS

Smart Streetlight System with Website

Team Project | MIIT Hackathon 2025

- Contributed to a team project combining a smart streetlight concept with a website interface.
- Achievement: First Prize, MIIT Hackathon 2025.

Arduino-Based Smart Assistant Bot

Academic Team Project

- Participated in a team project involving an Arduino-based smart assistant bot.
- The project concept incorporated motion, temperature, and sound sensors.

Data Analysis Coursework

Academic Project

- Practiced data cleaning, preprocessing, and exploratory data analysis.
- Explored data patterns and relationships using data analysis and visualization techniques.

Machine Learning Coursework

Academic Project

- Studied data preparation and train, validation, and test splitting.
- Practiced model training, hyperparameter tuning, and model evaluation as part of coursework.

EDUCATION

Myanmar Institute of Information Technology (MIIT) — Mandalay, Myanmar

Computer Science and Engineering | Expected Graduation: 2027

CERTIFICATES & TRAINING

Data Engineering Level-1 (Scholarship) — Realistic Infotech Group (RIG)

Training: 18 April 2026 – 13 July 2026 | Certificate issued: 25 July 2026

ASEAN Data Science Explorers 2026 – Enablement Session

SAP Analytics Cloud | Organized by SAP and ASEAN Foundation
